OPERATE

ACTIVE IN MORE THAN
140 VISITOR ATTRACTIONS:

AN EASY-TO-USE CMMS FOR MANY PURPOSES

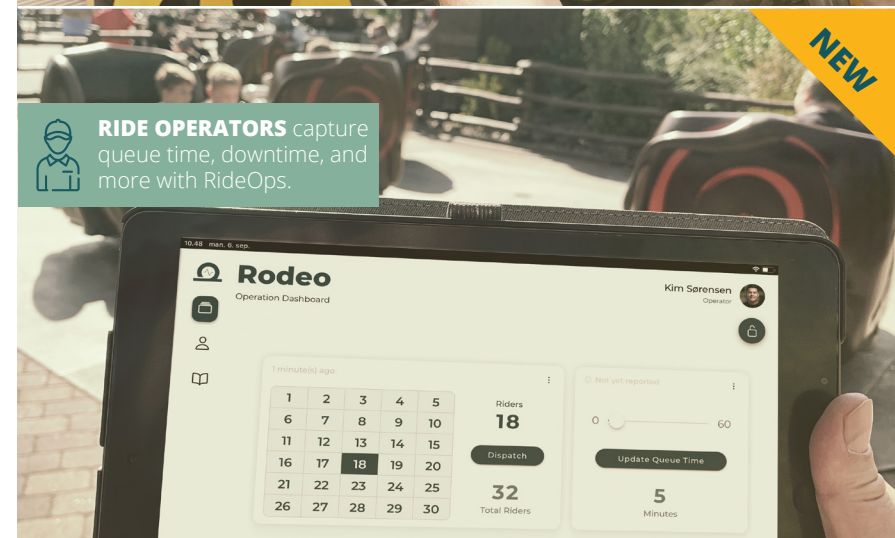

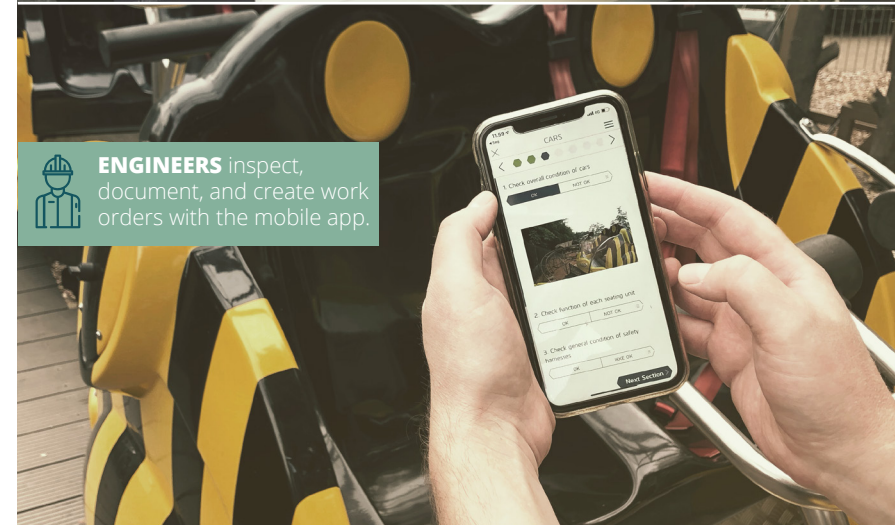

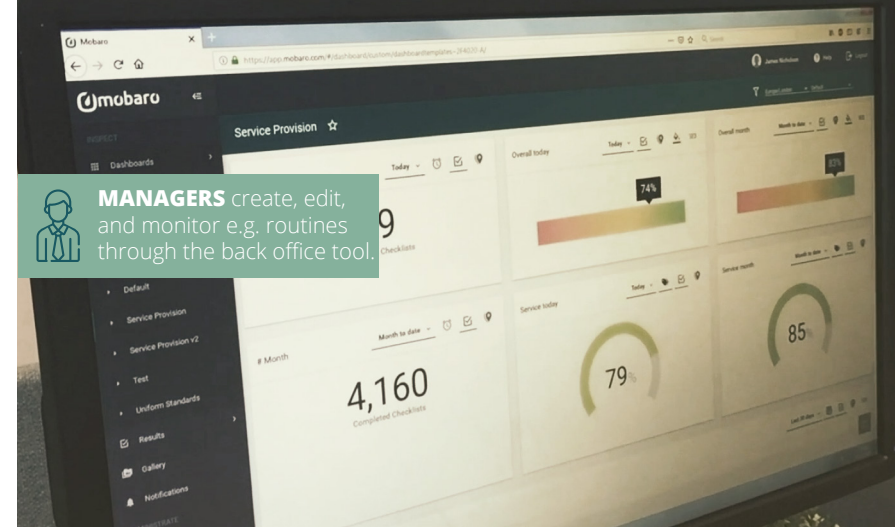

The Mobaro suite of software is designed for and with visitor attractions. We serve a diverse range of attractions: **Theme Parks, Water Parks, Zoos, FECs and more** in a variety of areas, such as:

- Ride and Attraction Maintenance
- Ride Operations
- Water Park operations
- Water quality and plant maintenance
- Zoological operations
- Food service / regulatory checks
- Cleaning / hygiene teams
- Show and theatre management
- F&B and Retail
- Safety & Security teams
- Life safety systems
- Facility management

"With Mobaro we found a professional team, a product adapted to our needs, and a really flexible app and community. A system we can use in all of our theme parks, zoos and aquatic facilities."

Pierre Chanet, Safety and Maintenance Manager, Looping Group

MOBARO AND ENJOY:

GREAT BENEFITS ACROSS YOUR BUSINESS

EFFICIENT MAINTENANCE

A planned preventive maintenance management system that works for you – and not the other way around. Mobaro is your 360 degree environment for high-quality processes that leave nothing to chance.

TRANSPARENT OPERATIONS

Get a detailed overview of any part of your operations. Whether you need specific reports for rides and attractions, a compliance overview of F&B hygiene and cleaning, Mobaro offers transparent and actionable insight.

INCREASED PRODUCTIVITY

Experience up to 30% higher efficiency by streamlining inspections, work orders, schedules and reporting in one central system. Connect your teams and their jobs for enhanced collaboration. Work smarter. Save resources.

SAFER SYSTEMS OF WORK

Mobaro is the ideal backbone of your Safe Systems of Work and provides easy access to support documents such as SOPs, manuals, and risk assessments etc. We also enable safety prompting for staff conducting inspections or performing maintenance.

ENHANCED ACCOUNTABILITY

The health of your business depends on the actions of staff. Motivate and guide your teams by creating individualised content for any department. Mobaro will help staff better understand what is expected of them.

FULL HISTORICAL DOCUMENTATION

Whether analysing maintenance and safety reports or answering a liability claim, getting well-structured data has never been easier. Mobaro is your one-stop archive for any historical event connected to inspections and work orders.
